BANG! DOWN GOES THE LID

Rossi License Refused--Board Says to Saloon Men, "We're IT in This Town"

The Town Board of Trustees are the liege lords of Pleasanton! They passed out words to that effect at their meeting on Monday evening and a general warning to all local saloonkeepers was given that to obey the law and abide by the regulations of the ordinances governing the sale of liquor was the only way to keep a license here after this.

As published last week the matter of granting the application for a saloon license to the firm of Rossi & Ghiotti, came up. Mr. Ghiotti was present and from him the board learned more concerning the charges made by Nightwatchman Guanziroli a week previous. Mr. Ghiotti denied generally that the nightwatchman was telling the truth and admitted only that the charge about allowing a "skin game" as it was termed, to operate in his place of business, was so and that no one played the game on the second day it was set up at that. Mayor Schween asked Mr. Ghiotti why he allowed the men who were running it to set up at all and to this it was rather hard to find an answer. The mayor suggested it would have been the proper thing to have kicked the entire outfit out of the front door, even if no one did play at the tables.

At any rate the board took no action on the application and adjourned without even laying the matter over. Several of the trustees spoke and there was no hesitancy in their voices while so doing. Mayor Schween stated:

"The great trouble has been that we have all acted to leniently. Time and again I have been forced to listen to complaints of citizens and business men about saloons and even after the saloonkeepers were warned found that only a few days elapsed before more trouble ensued or more complaints were made. This board wants it understood, now and for all time, that the saloon licenses of Pleasanton are granted only with the understanding that the law shall be complied with to the very letter and that any one of them may be revoked at the option of a majority of the members whenever in their judgement they see fit. We are tired of these repeated warnings. They will be given no longer. If licensees cannot obey the law their places of business will be closed without further parleying."

Another saloonkeeper had his troubles on Monday night, too. It was William Grebasch of the "Cozy Corner." Too much noise after hours and complaints on various occasions before were given as reasons for requiring him to come before the board. He stated to the members that he had not sold or given away liquor after 12 o'clock at any time and that he always locked his door at the required hour. Mayor Schween, whom it seems was called out of bed by the nightwatchman some time Monday morning and asked to act as witness himself, was of the opinion that it was whiskey which was served over the bar and not soft drinks. The case was continued.

At this juncture Judge Palmer suggested it would be necessary to hear testimony to the effect that liquor was actually served. Trustee Priest addressed the board at length and stated he did not know what better evidence the board wanted than the testimony of their President, Mr. Schween and that such evidence was probably as good as could be had.

A suggestion was made that all the controversy arising could be circumvented by an ordinance requiring lights to be put out all bar rooms at the stroke of 12. Objection was raised

Game Association Meeting At Livermore Tomorrow

There is to be a meeting of the Game Association tomorrow at Livermore at the Sweeney Opera House at 11 o'clock for the purposes of making final arrangements for the annual barbecue to be held on Sunday, August 14th, at Bonita. Reports from the various committees will be heard and instructions given in regard to eating arrangements, prizes for contests, etc. All members are urgently requested to attend as it is earnestly desired to make this year's meeting equally as enjoyable as last. Collectors of membership especially are asked to be there in order that the amount of funds available for expenditure on the big day may be learned.

One of the committees, which has charge of the sports, has prepared the following list of prizes to be offered: Saddle Horse race, 1st prize, \$7.50, 2nd prize, \$2.50; Fat man's race, \$2.50; Single man's race, \$2.50; Sack race, \$2.50; Married Man's race, \$2.50; Three legged race, \$2.50; Free-for-all, \$2.50.

to this on account of the fact that many times the proprietors or attachées might want to clean up and it was afterward mutually decided that an ordinance demanding all curtains should be raised and clear view of the bar from the street provided after 12 o'clock midnight until opening time in the morning, would be more reasonable. This requirement will probably be incorporated into an ordinance some time in the near future. In that manner it will not be necessary for town officials to act as detectives and no arguments will arise as to whether the law is being broken. Another requirement will probably be that no one will be allowed inside the bar room but attachées of the place, after

that hour. In the event this move is made there will be some "scratching" on window panes as nearly all saloons now have frosted windows.

Another suggestion which was well met with was one made by Trustee Reimers. Mr. Reimers wants an ordinance passed making it unlawful to play pianos or allow music in saloons after a certain hour at night and none at all on Sunday. This will undoubtedly be one of the future actions of the board.

Marshal Nevis and Engineer Theissen occupied a few moments of the board's time over the discussion of a water bill against Mrs. Gomes about which heretofore some misunderstanding had arose. The bill for last month made out to the party above and payment refused on the grounds that it should have been less by reason of a deduction due from the previous month promised by Mr. Theissen. The latter gentleman denied making the promises. Mr. Nevis wanted it understood it was no mistake of his, at any rate.

The following claims were allowed: Livermore Water & Power Co., \$1.20, 11.97; Standard Oil Co., 16 50; Ellis Bros. & Co., 52.57; P. Bruess, 20; John Theissen, 70; Lee Wells, 10; S. P. Co. 1.72; J. Brings in 200 Pound Buck

John Koopman brought in a two hundred pound buck on Tuesday afternoon, killing it, so he said, on Pine Ridge which lies east of here some twenty miles. The specimen was an exceptionally fine one and had five pointed horns. Koopman, who is in the hills with a party of friends, unloaded his game and after stocking up with more grub, hastened back to the hills where he hopes to obtain another before he returns.

Board Sanctions Request Of Improvement Club

A petition addressed to trustees of the I. D. E. S. society from the Woman's Improvement Club of Pleasanton, asking that further rentals of that society's hall and grounds for Sunday dancing purposes be denied, was read at the meeting of the Town Board this week with a letter accompanying asking that the members of the municipal body join with the club in the asking or that the same be endorsed. The signature of Father McAuliffe of St. Augustines Church was also found on the petition when read before the board. The board thought the request was a fair one and readily placed their names to it. The same follows:

Pleasanton, Calif., July 25th '10
To the Honorable,

Board of Trustees
I. D. E. S. Society,
Pleasanton, Calif

We, the members of the Woman's Improvement Club of the town of Pleasanton, do hereby petition your Honor through you, to assist us in the work in which we are engaged, viz., that of making a bigger and a better Pleasanton, by refusing hereafter to lease your grounds and hall any to parties who wish to hold or give a Sunday dance therein.

We are making this request advisedly and because we believe that you will appreciate the fact that it is not just a moral and a legitimate proceeding to allow such affairs to take place within the very heart of our little city and that while the dances or entertainments there conducted may be of a respectable nature themselves, that the influence over the younger element by allowing them to take place is not good.

We trust you will consider the matter in the right spirit and in that in which it is sent, not for any other than with regard to the welfare of those who are growing up around us.

We have obtained the following endorsements to our request which we trust will also have weight with your honorable body.

Signed Wm. O. Nevis' Improvement Club, of Pleasanton, Calif

Request endorsed and has sanction of following: Rev. Jos. A. McAuliffe; H. A. Sinclair, Joe. Nevis, H. Reimers, C. H. Priest, C. H. Schween, Town Board of Trustees.

George Davis Hurt

While attempting to guide the horse he was riding under a Western Pacific bridge on the Donahue ranch last Wednesday, George Davis, son of Mrs. Rose Davis of the Rosedale Dairy, was caught by the low hanging timber and painfully hurt in the back.

He was sent to Oakland immediately after the accident where a careful examination revealed the fact that no bones were broken and aside from the loss of several large patches of skin and some severe bruises, the young man was not much worse for the catastrophe. The horse was a gentle one and probably to this fact can Davis thank good fortune his injuries are not more severe as the animal stopped immediately after being pulled up, backing out from underneath the bridge.

Mrs. Pickard Given a Surprise

Mrs. A. B. Pickard was very agreeably surprised Thursday afternoon when eleven ladies called to help her celebrate the thirteenth anniversary of her wedding. A very delightful afternoon was spent at the ever fascinating game of five hundred.

The first and second prizes were won by Mrs. Chas. Graham and Mrs. Joe Arendt, while Mrs. MacDougal took home the booby prize.

Delicious refreshments consisting of ice cream and cake were served. Those present were: Mesdames Gale, Trefry, Herold, Cutler, Wm. Graham, Jerome Arendt, Joe Arendt, Pickard, Graham, MacDougal, Helms and Colestock.

W. P. Train at Pleasanton During Afternoon

The first passenger train to run over the Western Pacific, so long building and which has been heralded as being ready for use many times during the past few months, will reach Pleasanton, as now planned on Monday afternoon, August 22nd, at 3:45. This train is to carry representatives of the road and a number of newspaper men. Any demonstrations which it is the intention of local people to tender will be welcome received by those on board and a stop of a few moments will be made here for that purpose. If nothing else is done simply showing an appreciation in numbers, such business men and residents as can should take a few moments from their business or vocations and be present at the Western Pacific depot when the train pulls in.

The advent of another transcontinental railroad in Pleasanton will not occur during the lifetime of most of us here today and the long heralded coming of this one should not be passed over without a deserving hand of greeting.

Pleasanton Taxpayers Take Notice

Beginning Monday morning the Board of Trustees of the Town of Pleasanton will sit as a Board of Equalization. This means that every property owner in Pleasanton should visit the board, ascertain what the amount is assessed against his or her holdings in town and, if there is room or occasion for objection, by apparent error or otherwise, to state such claims before the board.

In this manner a repetition of the troubles experienced last year, when, after taxes were called for many found fault with the assessment, may be avoided. Your assessment is to remain as it is and refrain from comment after it is too late to change it.

Davis-Rines

Somewhat as a surprise to local people came the announcement of the marriage of Mr. Harry Davis of the Rosedale Dairy of this place to Miss Lou Rines of Stockton on Tuesday of last week in San Francisco. Mr.

Davis and his bride will live in the Beckwith cottage on St. Marys street.

Mrs. Davis is a former Minnesota girl, coming to the west some months ago to visit with an uncle of the groom in Stockton, where she and her husband first met. The ceremony was a private affair, members of the family only attending and was kept quiet until after all was over. The couple returned to Pleasanton the latter part of this week.

Rathbone-Steffensen

Charles H. Rathbone and Miss Lydia M. Steffensen were united in marriage Saturday, July 30th, 1910, in San Francisco by Dr. Edwin H. Hadlock. The wedding was a very quiet affair, only immediate friends and relatives being present.

After a brief honeymoon they have returned to make their home in Pleasanton, where the groom is well and favorably known, having resided here since his childhood. The bride is one of Oakland's fairest maidens and has already made many friends here.

On Thursday evening the young couple were tendered a reception at the Rathbone home by their many friends, including the band boys and the members of the Pleasanton Orchestra. Ice cream and cake were served and after a very delightful evening the guests departed wishing the couple every joy and happiness.

Mrs. Frank Donohue was a visitor in Oakland several days this week.

Game Wardens Donohue and Downing spent several days in the hills this week. While they planted about 700 or 800 small trout taken from the lower part of the Bayou and transplanted them to deeper water. They report quite a number of hunters. It cannot be positively stated

The "Gem" a Model Theatre

Much credit is due to the present owner of Pleasanton's moving picture show, Mr. Will Bergland, who is now giving to local citizens and visitors, in the new building erected for him by Mr. J. P. Rosa, a model and up-to-date performance each night in the week. Mr. Bergland came to Pleasanton about a year ago and immediately after his arrival instituted many improvements in the old Gem theatre although handicapped by a small building. That the public appreciated his efforts is evident for a short time ago he induced Mr. Rose to build the home he is now occupying and one of which any locality may be proud as it is fitted up along the latest lines and has every aspect of those in cities many times the size of Pleasanton.

Mr. Bergland furnishes his patrons with four entire changes of program per week, is now hiring a piano player and sometimes a singer and offers premiums to those who attend on many occasions. His selection of pictures is always with a view to that which is wholesome and at the same time educational, providing the younger portion of the townspeople with an entertainment which parents may feel content will create nothing but the best impression. Assuredly the manager of the "Gem" is due the patronage and the good will of all. He is getting it, too, for nearly every performance these days is played to a full house who leave with many commendable remarks.

Woman's Improvement Club Meeting

The Woman's Improvement Club will hold their regular meeting next Tuesday, Aug. 9th.

Mrs. Annie Little Barry, president of the Alameda District, will be present to address the club. Mrs. Barry is an extremely interesting speaker and all the members are urgently requested to attend. Refreshments will be served at the close of the meeting.

Mrs. C. A. Bruce spent Thursday in Oakland.

Peter H. Block is spending a couple of days in the bay cities.

Mrs. Herman Kolln is visiting relatives in Oakland.

Gene Rossi and family have gone to Napa Springs for a few weeks.

Miss Minnie Harms returned from her Palo Alto visit on Tuesday last.

George Wilson of Oakland is visiting at the home of his aunt, Mrs. Ferdinand Kruse.

Miss Emily and Margaret Miller of Oakland are the guests of their uncle and aunt, Mr. and Mrs. John Galway at Santa Rita this week.

Rev. J. Daniel and family of East Oakland have returned home after a very pleasant visit with Mr. and Mrs. E. J. Edwards at El Nido near Verona.

Mrs. Emil Schaad is spending the week with her mother, Mrs. Sarah Rathbone, and will return to her home in San Francisco Sunday.

The Misses Mary Simpson and Alma Steffensen of Oakland came up to the reception tendered Chas. Rathbone and bride. Miss Simpson returned Friday but Miss Steffensen intends to stay over until Monday.

J. Harris Cox, of race track renown, arrived again in our midst showing the ill effects of his long incarceration save a weakness in the ankles, which he asks his friends not to mistake for one in the knees.

Four sportsmen of Pleasanton went "a hunting" this week and traveled the dusty way as far inland as Camp Bessie. They were gone three days and returned somewhat browned in countenance. So far there has been no one of their friends who have eaten of the choice morsels deer hunters usually bring back to their acquaintances. It cannot be positively stated

START BORING FOR OIL TODAY

North Star Company Begin Active Operations For Oil 1 Mile South of Pleasanton

Active operations in search for oil in Pleasanton district began today when the North Star Mining and Development Company started their engines at work one mile south of Pleasanton, alongside the S. P. right-of-way, a contract for the first 500 feet having been awarded to a firm of drillers who arrived here this week. The most up-to-date machinery and drills are in use and Mr. Hart, president of the company, is most sanguine as to the outcome, stating to a Times man that even a fifty barrel well, located so close to the track, a mere stone's throw, would be a paying proposition for all stockholders.

The derrick which is in use at the well was erected by Mr. Hart and his associates some weeks ago but delays in obtaining machinery and contractors have been met with and not until the present time has it been possible to get things into working order.

There is to be no delay whatever in the drilling, barring accidents to machinery and it is expected that the well will sink at the rate of fifteen to twenty feet per day. The rumor afloat that the company would bore for gas before attempting oil is untrue, Mr. Hart stating that it is oil he is after and that although gas might be encountered on the way down, it is to be but a subsidiary issue.

Local people are fully acquainted with oil indications in the district and it will be no surprise to many of them if the North Star company open up a big paying well. So close to the right-of-way of the railroad is the prospect that no expense whatever would be experienced in shipment and in case a pipe line would be necessary there is a direct water fall level to the bay down the canyon. Gas continues to issue from the ground diagonally across the road from the property on which the company is working and just over the brow of the hill to the south oil is seeping from the ground, apparently of a paraffine base.

Should the company strike a paying well on their property, Pleasanton bids fair to become a "city in a night" figuratively speaking, as its proximity to the large business centers and the ease with which it can be reached by those interested will cause a large influx of newcomers and fortune seekers.

Horner and Harris to Hills

Supervisor Horner and wife and Judge Harris and wife have been spending the week at Camp Buckeye, the mountain home of a number of well known business men of this section and Oakland. The party left Pleasanton Tuesday afternoon in Mr. Horner's machine, and tied securely behind was a coop of chickens. No less an authority than Bob Boyer, the popular cigar man of San Francisco, is quoted as remarking that the chickens gave every appearance of having been extracted from several different roosts, no two of them belonging to the same breed.

It may have been quite possible that Boyer was right as Horner lost no time in getting out of town and apparently did not deem it advisable to allow to close an inspection of the featherstock. The party are to be gone for several days, and probably will do a little deer hunting while in the hills.

but there seems to be a reasonable doubt that success attended their efforts. Could such have been the catastrophe?

"I could take off my hat to Alden Anderson; I could bow courteously to Charley Curry and I could even do a little shouting for the Democratic Mr. Bell, but that man Johnson—well, if he's ever governor I'm going to forget my manners," said a friend of ours to us the other day. But then he was a Republican. It makes a difference, apparently, what one's politics are.

Another good suggestion heard at the Board meeting Monday night was the one made by Trustee Reimers, proprietor of the Farmers' Hotel. Mr. Reimers asked for an ordinance which shall restrict the playing of musical instruments in saloons after a certain hour at night and on Sundays. On several different occasions lately it has been noticed that Sunday was made the one gala day of the week—really the time when the greatest quiet should prevail. All self-respecting citizens will accord in with the suggestion of the board member and commend any action of this kind the city fathers may take.

For once the Democrats of California have a bare chance of electing a governor. Day after day one hears of those who are to vote for Bell should Hiram Johnson, with his hurrah hozanias to the people, induce them to choose him as a supposed Republican leader. Such a feeling is not commendable from a party standpoint and is hardly warranted. No matter who the nominee of the Republican party may be it is hoped that those "standpatters" who are making these remarks will change their minds and refuse to place themselves in the same unenviable position the Johnson supporters are now occupying.

The recent troubles into which saloon men of Pleasanton have been thrown could be largely avoided by the passage of an ordinance or an amendment to the present one bearing the name of license law, by taking of liquor and placing the restrictions, demanding that promptly at the hour of 12 o'clock midnight all curtains shall be raised offering a view of the interior of the bar and making it unlawful for anyone other than a proprietor or employee to be within. In this way a passing officer could readily see what conditions were inside and there would be no excuse for calling witnesses or attempting other means for the purpose of proving that the law had been infringed. Well meaning liquor dealers should welcome such provision as all agree to abide by the 12 o'clock hour when the license is granted and have no reason for obscured interiors after that time. This rule is in actual practice in many cities and has always worked out to the advantage of both the people and the dealers.

Said a Calaveras rancher to a friend, "Yes, I'm for Johnson—he ain't no half and half."

He was right partially. Johnson is "no half and half." He's a cold blooded, cut in the die, insurgent. And he has not promised to support the Republican party nominees, he has not promised to work in conjunction with a Republican legislature, he has not, as far as we have noticed, ever uttered one word of commendation concerning the present national administration, he advises every voter to "cut loose" and follow HIM, he advocates a wholesale condemnation of the Southern Pacific railroad interests from left to right, regardless of their millions in investment and the thousands upon thousands of taxes they pay—in fact if you will but read of his speeches and expressions you will probably be struck by the fact that a tirade against this corporation is the one dominating theme of his argument as to why he should be elected.

As to first part of the ranchman's statement, that he was "for him," we shall make no comment. If the ranchmen of California, and we do not believe they do generally, want this sort of a man in the governor's chair, let them help put him there. Once with the reins of state in hand a few months will tell. If the financial interests of the east, holding millions upon millions of western coast securities may be ruthlessly disregarded and a governor elected who shall walk into office avowedly to throttle the investing public—to openly battle with them if they shall attempt so much as to even step foot into the legislative halls, the time has come, if that be true, to take the dose.

20 YEARS AGO

Margaret S. won the Great Expectation Stake at Detroit, Mich. The winning was equal to \$10,000.

Larkin Locke was engaged in breaking colts for the gentlemen of the Fashion Livery Stable who had purchased a number of them.

A. F. Schweer had been appointed a Deputy County Clerk for registration purposes in this part of Murray Township.

William Fallon and Valentine Alviso had been elected delegates from Murray Township, to the State Republican Convention. The primary passed off quietly there being no opposition in the field.

An old excuse for a horse driven by the editor of this paper imagined she was a "Margaret S." and therefore started with a load of furniture before the bell was tapped. After running a short distance she was stopped. Furniture was strewn all along the road for some distance.

Take Notice

Chinn-Beratta have arranged to send their optician to Livermore, Thursday, Aug. 11th. He will make his headquarters at D. F. Badgley's Jewelry store where he will be pleased to meet all the regular patrons of his firm as well as any strangers who wish optical work of any nature.

These visits are made regularly so that people who have been fitted in the past may have the opportunity of calling for adjustments. Chinn-Beratta are unusually conscientious in their work and always take great pains to be assured that their work is satisfactory. They have six stores in California and are the largest concern in the optical business on the coast.

Their representative will be in Centerville, Saturday and Sunday, Aug. 27th and 28th at Lernhart's Drug Store.

Initiate 86 Candidates

Grand President Jose V. Periera of the U. P. E. C., accompanied by S. C. Diavila and Joe M. DeFreitas of this place, were present at a meeting of Council No. 63 last Sunday in Oakland when 86 candidates were initiated into the order. This is one of the largest classes ever taken into the U. P. E. C. at one time. While away the three gentlemen named above also visited Council No. 1 at San Leandro, the occasion the anniversary of the lodge.

SAVING TIME by TELEPHONE

WHEN a man feels the necessity of being in two places at the same time he goes to the nearest telephone and sends his voice.

It is not exactly the same thing, but when a man talks hundreds of miles in opposite directions from the same Bell Telephone, it is about as good.

In the daily use of the telephone a man travels all over town by wire in a few minutes. It is just as easy to travel all over the state and other states by means of the universal Long Distance Service of the Bell System.

Roadmaster Schween is not spending much county money on the roads at present, conditions such that anything but needed repairs is a waste of funds. A little later in the season after hauling is over and the weather becomes moist there will probably be some re-modeling and building done.

W. H. Donahue with Leon Clark and Phil Carey, the latter gentleman deputies in the District Attorney's office motored to Pleasanton Saturday night. Phil Carey learned there was to be a dance in Dublin and finally induced his superior to carry the party over to the affair where an enjoyable evening was spent. Clark says Carey dances in his sleep and Clark ties pretty closely to the truth as a rule but was willing to admit this time that he was glad his legal associate was so inclined as otherwise they might have all missed the good time over at the schoolhouse.

Irmandise de Santa Antonio Organized Here

Starting out with 15 members and the distinction of being the 2nd lodge in the state of this society, the Irmandise de Santo Antonio, of the Society of San Antonio, was organized in Pleasanton last Sunday. The society is benefit organization and is to pay ten dollars per week sick benefits. The parent lodge is located in Santa Clara and was instituted in 1902 now claiming about 200 members. No effort has heretofore been made to formulate any subordinate affiliations and Pleasanton is the first town to organize. Later it is expected that a general move will be made throughout the state to form societies.

The local lodge will meet the fourth Sunday in each month. The meeting place has not yet been decided but will be in one of the local halls. There is a graduated scale of initiation fees and the dues are to be \$1.10 per month. San Antonio Day will be celebrated each year with a parade and ceremonies, the date being June 13 or the succeeding Sunday if it so desired.

Campaign Against Mosquitoes Effective

The mosquito control campaigns, conducted by William B. Herms, University of California, are one of several encouraging signs of the times. A physician from one of the controlled districts recently reported that where he had 25 cases of malaria last year, this year he had only one case; and this patient lived outside of the territory patrolled by the anti-mosquito campaigners. Druggists in the controlled areas report that the bottom has fallen from the local quinine market. Many inquiries come to the State Board of Health office about this campaign. Among them was one recently from a Wisconsin colony organizer. Reports were forwarded him which set forth the very satisfactory results of California's war against the malaria mosquito.

Arrested for Calling Names

Another time is Mrs. Mary Amador in court, this time on a complaint sworn to by Antone Bernal, who accuses her of improper language and abuse of both himself and wife. Marshal Nevins was given the warrant for her arrest on Tuesday and brought his prisoner before Judge Quinn the same evening where the Judge listened to a tale of woe which embraced almost everybody in town whom Mrs. Amador feels at all unfriendly with.

A mention of all that was said would not be fit for print and is not justifiable on the grounds that Mrs. Amador seems to be laboring under a hallucination concerning half of Pleasanton. It is sufficient to state that those who overheard her remarks know that at least a major portion of them are but mental apparitions in which not the least semblance of fact exists.

Mrs. Amador was allowed her liberty upon deposit of \$20 bail money but asked for a change of venue to Livermore which was accordingly granted by Judge Quinn. This will be the second time within the past few months that Judge Murphy of that town will hear her defense, Mrs. Mitchell of this place having had Mrs. Amador arrested on a similar charge some time ago.
